<sup>1</sup>Beginning in 1998, Buffalo data no longer available.

**Source:** [CPI Detailed Report](#). The State figures represent the Consumer Price Index for the major Standard Metropolitan Statistical Area (SMSA) in each state: California—Los Angeles and San Francisco; Illinois—Chicago; Massachusetts—Boston; Michigan—Detroit; Missouri—St. Louis and Kansas City; New York—Buffalo<sup>1</sup> and New York City; Ohio—Cleveland and Cincinnati; Pennsylvania—Philadelphia and Pittsburgh; Texas—Dallas and Houston; Wisconsin—Milwaukee. For those states having two major SMSAs, the simple unweighted average of the two indexes was used. The Indiana index is the unweighted average of the Chicago and Cincinnati indexes. The New York City index was used for the state of New Jersey.
